All burgers are made from U.S.D.A. Choice Black Angus beef. The all natural beef is strictly vegetarian-fed and antibiotic, hormone and preservative free. The fresh, never frozen beef, is ground fresh daily at each Kincaid's location. Burgers are made with mustard, lettuce, tomato, pickle and onions. Please specify any changes. We use 100% all natural chicken and all-beef corn dogs and hot dogs.

Consuming raw or undercooked beef products may increase your risk of illness, especially if you are immuno-compromised.
